**About Safe Water Network:** Safe Water Network India is a not-for-profit Trust, registered on October 16, 2009, committed to bringing scalable, financially sustainable solutions that provide clean, affordable drinking water to the communities in quality-affected habitations in India.

Safe Water Network India holds a licensing agreement with Safe Water Network, a 501 (c) (3) registered non-profit organization in New York, USA and a core funder of the Trust.

**About Project SEWAH:** Project SEWAH is a joint collaboration between Safe Water Network India and USAID to strengthen the journey towards self-reliance in Urban Drinking Water through multiplier effect of knowledge hub and by leveraging the SWE Alliance. The project aims to create a legacy of a sustainable and reliable safe drinking water footprint in the urban cities to accelerate the SDG Goal 6.1 by developing capacities of the citizens, PHED engineers, SWE implementers and other

stakeholders in the ecosystem so that SWEs are sustainably delivering safe drinking water reliably to the local communities.
